CEO's FOREWORD

The Botswana Tourism Industry has come up with a number of strategies to enhance the local market; one of these strategies is the provision of concessionary rates extended over a specific period of time to the domestic traveler put together by various Travel and Tourism Associations who are working around the clock to ensure their membership readies themselves to host you.

Botswana continues to stand out in terms of its tourism destination offerings making it a must-visit destination globally. Tourist destinations around the world are currently sustained by local travel as the COVID-19 effect on travel has seen all destinations focusing on their local markets and Botswana is no exception. We have been observing an increase in travel by locals using different types of facility offerings looking at various budget possibilities. We encourage you though to use services of our Local Travel Agencies who are well placed to recommend packages for wide ranging interests and budgets.

The recent Re-Discover Botswana Expedition has since demonstrated just how much more there is to see and do in Botswana.

Botswana Tourism Organization (BTO) has worked with a number of stakeholders to develop various toolkits that guide operations of the Industry to ensure compliance with COVID-19 Government Health Protocols for your safety. The Travel and Tourism industry pledges its commitment to your safety and implores you the traveler to do as well in protecting yourself and others.

Re-Discover Your Culture And Heritage...Safe Travels!

Myra Sekgororoane
Chief Executive Officer

We Support Local Travel.

TAABOT- Travel Agents Association of Botswana exists for the promotion of professional service in the travel industry for its members and their clients.

When BTO invited us to partake in the drive to promote local tourism, we were more than humbled, we have always believed that our citizenry and residents are important and play an integral role in domestic tourism, Our country is vast and beautiful, with many hidden gems that are yet to be discovered.

The role of the travel agent is to take care of you! The traveller and explorer, through our network of professional and dedicated travel agents you can rest assured that you have the best offer money can buy and an authentic travel experience that cannot be matched by anyone else, our partners , hotels, lodges, airlines and tour guides trust us to take care of you.

When you consider booking your next local adventure, consider the services of a TAABOT affiliated Travel Agent as you are Guaranteed professional Service and any queries against TAABOT members is taken serious by the association”.

Abel Monnakgotla
Chairman

Since the COVID-19 lockdown of April 2020, a growing number of tourist facilities have opened up for domestic travel - seeing the Okavango & Chobe areas offering local travellers reduced rates, which has proved to be very popular.

The demand for adventure tourism is increasing, favouring Game Ranch Hunting as an accessible and moderately priced tourism activity. Small game ranches offer excursions for biltong hunting and bush experiences adding value to local culture.

A citizen hunting quota in a small number of WMA's has become very sought after by local citizen hunters, predominantly from Gaborone.

Tourist/hunting Lodges in Maun, Shakawe and Gumare have marginally improved occupancy, generating much needed income for staff.

For many tourist operators on game ranches, regional travel needs to open up to fill the void of zero international tourism.

Mr Basimane Masire
Chairman

Botswana Guides Association (BOGA), a non profit making organisation, was founded in 1999 to spearheading citizen empowerment into tourism industry in Botswana. It is governed by the Board. It's members comprise of Tour Guides, Mobile Safari Operators and many more. BOGA has over the past years been able to make substantial progress towards promoting tourism of generating jobs, income and entrepreneurship development. BOGA's mission is to be the leading tourism advocate supporting the involvement of citizens in the tourism industry. It's headquarters are in Maun. BOGA support local travel s and growth through marketing, promotional advertising by local safari opertors, price reduction, training and education regarding safari booking conditions and cancellation procedures. We encourage local safari operators to advertise themselves to the citizens and residents of Botswana.

Hon. K. Kgaga
Chairman

Botswana Citizen Guesthouse Association was formed to promote efficiency and represent the interest of all Guesthouses (Commercial & Domestic) in Botswana.

The advocacy is largely to liaise with government bodies (Department of Tourism, Botswana Tourism Organization, Museum & Art Gallery etc.) in matters affecting or to promote the industry.

We are all aware that the world over the Covid-19 pandemic has resulted in loss of lives and total shutdown of tourism facilities such as guesthouses.

We will continue to do all so we can to ensure we expose Batswana to the cultural and natural treasures and beauty of their country, thereby instilling national pride and attaching a national value to our environment and cultural heritage.

Promoting domestic travel through initiatives such as this Domestic Travel Guide and Packages, will stimulate demand for new tourism products and experiences, which could catalyze the diversification of our local tourism industry and encourage Batswana to travel and stay in our facilities with reduced prices to suite local travelers.

Our guesthouses are located even in the remote areas of the country and all promise to give you exceptional standards of service as set by the Department of Tourism and Botswana Tourism Organization.

Travelers are encouraged to liaise with local Travel and Tours companies to book their trips and packages or book direct with the facilities.

Mr. Ofemile Tlhomelang
Chairperson

DRIVING IN PARKS AND WILDERNESS AREAS

- 

Keep within beaten tracks: Do not drive on pans, tree islands or valley floors to prevent land degradation.
- 

Speed limits: Keep within set speed limit usually 40km/h. You will see more wildlife if you drive slowly. Be cautious when driving over dune tops, mud puddles, water crossings and pole bridges.
- 

Only 4x4 vehicles recommended. Drive with a 4x4 engaged at all times.
- 

Do not drive in long grass: Due to threat of fire.
- 

Always carry plenty of water, extra fuel, a tool kit, high lift jack and puncture repair kit: These may save your life!
- 

Stay in your vehicle or tent: Do not leave your camp if animals approach your camp. They are dangerous and must be treated with respect.

CAMPING SAFETY

- Camp on designated campsites only**
- Your Tent must be surely closed at all times** to keep snakes, insects and unwanted visitors out.
- 

Never keep food in your tent: All food and cooking equipment must be kept in your vehicle, away from hyenas, lions, jackals and baboons.
- 

Do not throw away left over food into the bush thinking that it is 'biodegradable'. It may attract dangerous animals. **Also, do not leave food out unattended.**
- 

You may have a fire in the designated place. Make sure the fire is out before you leave and **please bury your ash.**
- 

Do not litter! Use litter bins where provided. Burn combustible litter. Take out what you bring in.
- 

You should bring firewood with you.
- 

Avoid swimming in rivers or lakes and any other undesignated places.
